Step 5 – You now need your HCC ID card. Your barcode number is on the back of the card. If you don’t have an ID, follow the instructions below to get it from your student account.

Step 6 – You are now in LexisNexis
I DON’T HAVE AN HCC ID CARD

• You can find out your library barcode number without having to get a HCC student ID card.
• You will need to log into your student account with HCC and scroll all the way to the bottom under Personal Information and look for 'Demographic Data'.
• After you select demographic data, you will see your 14 digit library barcode number that starts off with 275.
• Write that number down, take a picture with your smartphone or type it into your notepad on your phone so that you always have it with you. This library barcode number will allow you to access all of our electronic material anywhere you have access to the internet.
